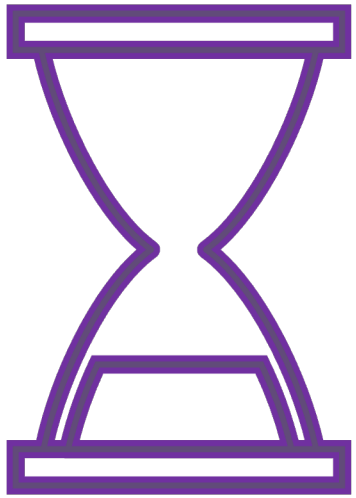
What's New with NICU Data

October 11, 2023

Welcome!

- We will begin shortly
- Please review the following slides for important information
- Today's presenters
- Agenda



All attendees are muted upon entry.

Please use the Q & A function – we will do our best to answer questions during the webinar.

We welcome your feedback and recommendations for improving future webinars.

Webinar Logistics

- If you attend as a team, please create a sign in sheet and send it to info@cpqcc.org to be eligible for contact hours/CEU's

- The slides and webinar recording will be sent out after the webinar and will also be posted on the CPQCC website at **https://www.cpqcc.org/engage/annual-data-training-webinars-2023**

- Attendees will be eligible for contact hours through the Perinatal Advisory Council: Leadership, Advocacy, and Consultation (PAC/LAC) . This webinar series is being jointly provided by CPQCC and PAC/LAC. PAC/LAC is an approved provider by the California Board of Registered Nursing, Provider number CEP 5862.

- Please complete the survey which will be available immediately following this webinar.

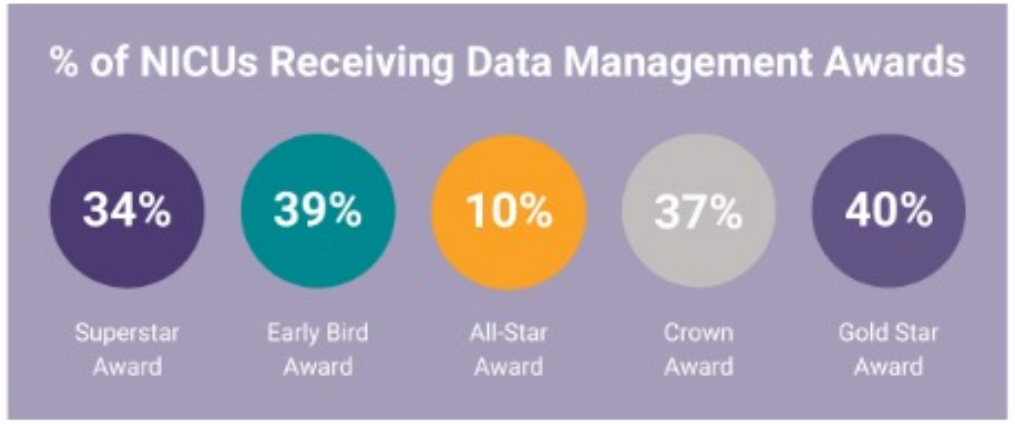
CPQCC Quarterly Update

2022 Data Summary

Thank you for your hard work!



Data Finalization Survey

Thank you for your feedback!

Questions?

Please submit a help desk ticket!

Dear CPQCC Member,

Thank you for your participation in the **2022 NICU and 2023 HRIF Data Finalization!**

At your convenience, please click the link below to take the annual evaluation. The survey should take 5 - 10 minutes to complete.

Follow this link to the Survey:
Take the Survey

Or copy and paste the URL below into your internet browser:
https://stanforduniversity.qualtrics.com/jfe/form/SV_2fP1BR6UAKjJgB8?Q_DL=uUEGYDNuBQBnuYj_2fP1BR6UAKjJgB8_CGC_ffe584ywkcwiGmV&Q_CHL=email

We look forward to receiving feedback from all CPQCC NICU / HRIF member hospitals by **September 30, 2023.**

Submit a CPQCC Help Desk ticket if you have any questions.

Thank you,
CPQCC Data Center

Mentorship Program

Our Mentorship Program is designed to pair NICUs that require additional support with data abstraction, entry, and analysis with experienced mentors from other member centers. Mentorship relationships have led to rich and long-lasting partnerships between member centers. If you are interested in being paired with a mentor or in mentoring another member center, fill out the survey below and our team will be in touch with you.

I'm interested in the member mentor program!

Testimonials

"I have *been mentored by **Julie Evans, Children's Hospital Los Angeles**. She has promptly responded to all my questions, even when she was home sick (I didn't know that at the time of course!), and she also gave me much needed moral support during my first Data Finalization process".* - **Megan Javidi, Providence Tarzana Medical Center**

*"**Beth Berry, Bakersfield Memorial Hospital,** was SO patient and knowledgeable about the process of CPQCC Data collection. When I started the data collection alone, she was always available to return my calls on any CPQCC questions. Beth is a great resource mentor for CPQCC and I shall always appreciate her kindness, patience and knowledge-----Thank You Beth."* - **Jean Yaussi RN BSN, Glendale Memorial Hospital and Health Center**

*"**Amy Johnson, Sutter Roseville Medical Center**, goes above and beyond in her role as the clinical data coordinator for our hospitals. Her thoroughness has made it possible for all of the departments involved in CPQCC and HRIF-QCI data collection and patient tracking to have the information needed to complete the data from hospital to age three."* - ***Teresa Androvich RN PNP, Anderson Lucchetti Women's and Children's Center***

*"**Cindy Bell at UCLA** has been a wonderful resource for me for the many years I have been doing CPQCC data collection. She is always prompt in returning my calls and has a wealth of knowledge. Our work relationship has created a wonderful friendship."* – **Cheri Mudryk, RN CCRN, Kern Medical Center**

NICU DATA SHARING

(overview)

NICU Data Sharing

What is it?

NICU Data Sharing is a feature that allows NICUs that care for the same infant to share the below items with each other to simplify the data entry process for transported infants.

- **Infant Demographics (Items 1-8, C.3-C.5, C.11, C.19, C.30-C.32)**
- **Maternal History (Items 9-18, C.7-C.8)**
- **Delivery Room (Items 19-23, C.9)**
- **Congenital Anomalies (Items 52, C.6)**
- **Disposition and Length of Stay (Items 57, 60, 62, 63, 65-67)**

NICU data <u>cannot</u> be shared for:

- CPQCC NICUs that are <u>not</u> participating in NICU data sharing

Or

- Non-CPQCC NICUs

NICU Data Sharing – Data Consistency Reports (DCR)

The following scenarios have been added to the Data Consistency Report (DCR) that can be resolved using NICU Data Sharing.

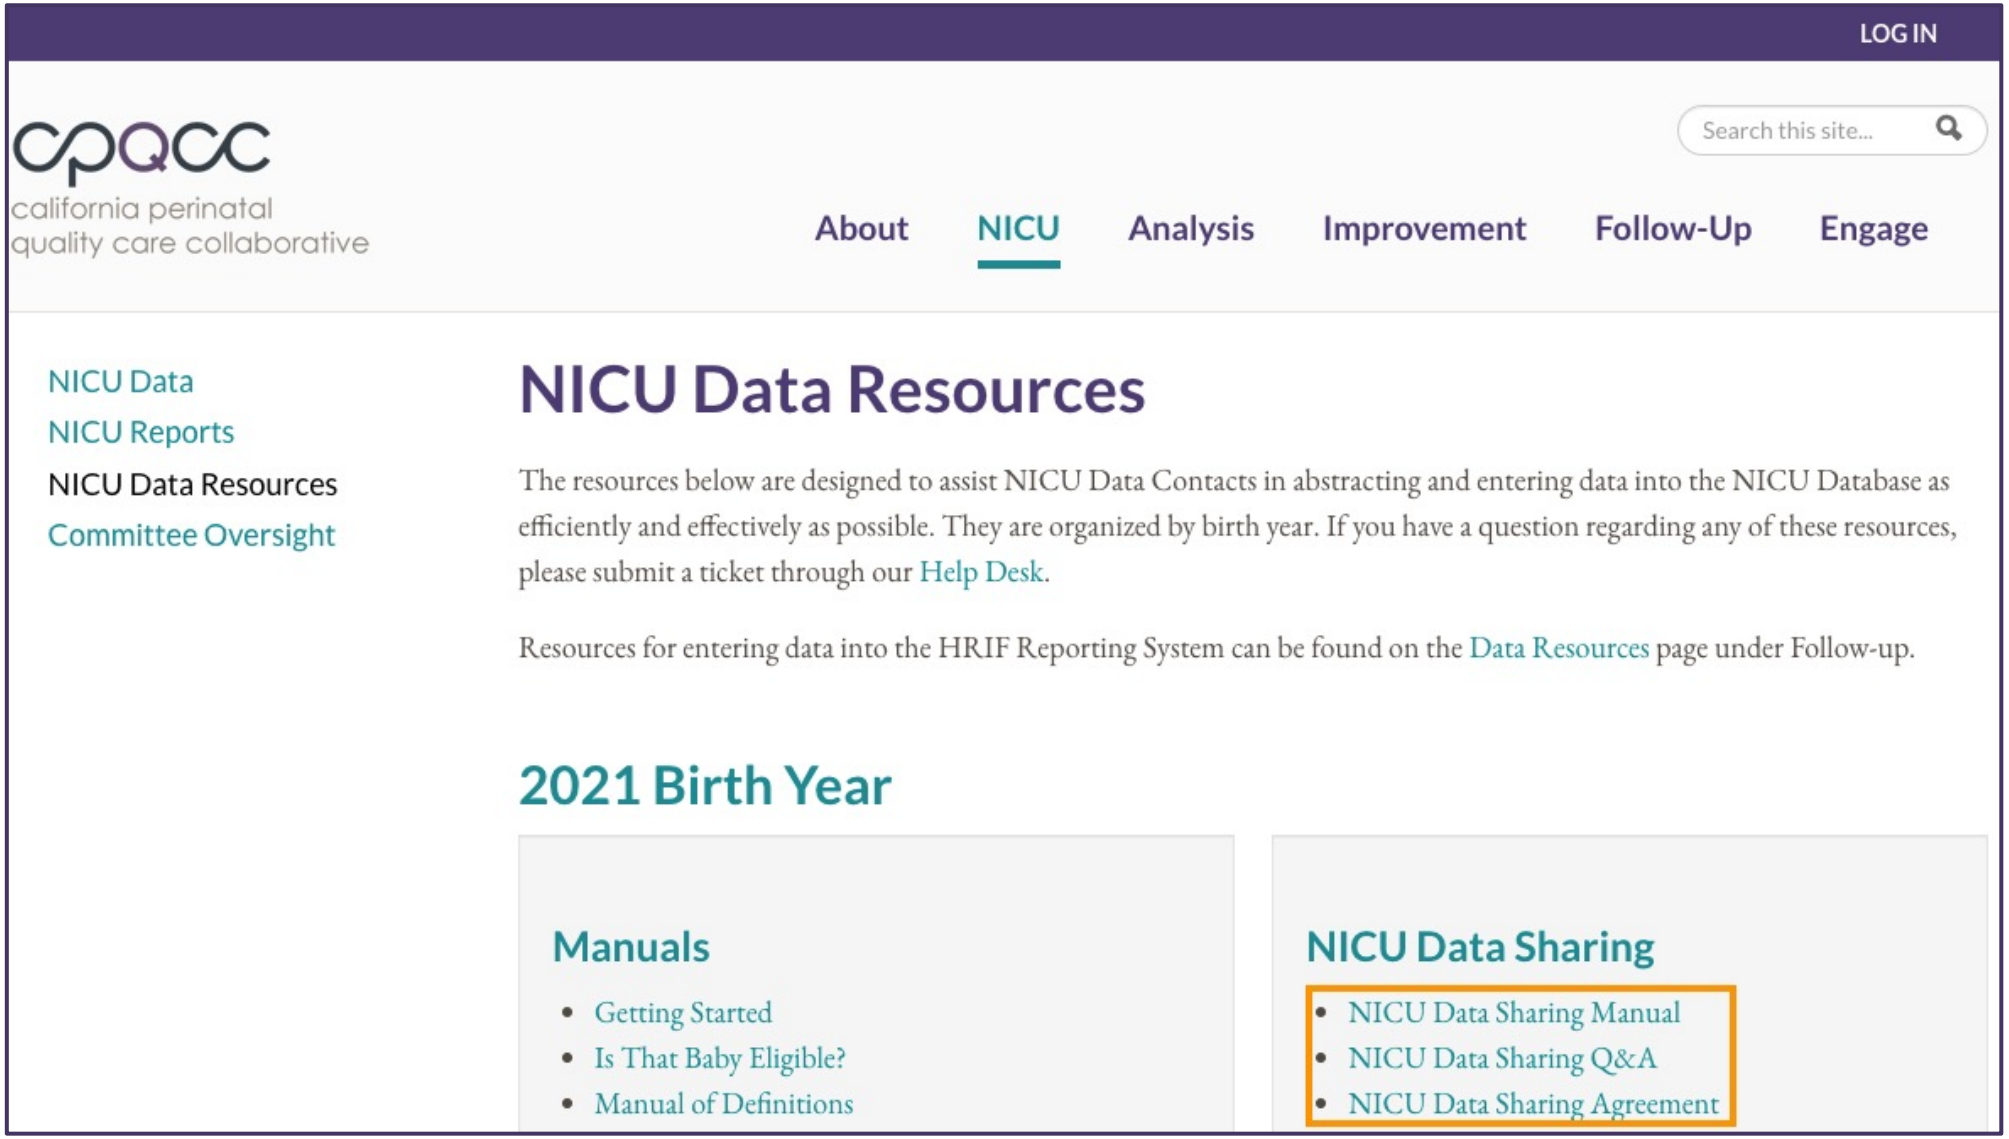
- Small Babies who were seen in your NICU as part of their length of stay (within 28 days), but were never recorded in the NICU database

- Small Babies who were registered in HRIF by your NICU but not recorded in the NICU database

Rationale: To assist participating NICUs in finding Small Baby infants that visited your NICU but are not currently part of your NICU data set.

NICU Data Sharing

Go to www.cpqcc.org, → NICU → NICU Data Resources to download the **NICU Data Sharing Agreement**



NICU Data Sharing

NICU Data Management Awards

NICU Data Management Awards

Super Star Award	• Granted to centers that complete **item 3 by January 15th** and **items 4-8** by **March 15th**.
Early Bird Award	• Granted to centers that confirm their CCS report on **June 2nd**.
Surprise Award	• Granted to centers that are recognized for a random positive performance aspect.
Gold Star Award	• Granted to centers that complete **items 9-13** by **May 15th**. • Update: Beginning with 2022 data, members must have **timely HRIF registrations of at least 95%** to meet the qualifications for this award.
All Star Award	• Granted to all centers that met the deadlines for **item 3 by January 15th, items 4-8 by March 15th, items 9-13 by May 15th, and confirm their CCS report (item 14) on June 2nd**. • Update: Beginning with 2022 data, members must have **timely HRIF registrations of at least 95%** to meet the qualifications for this award.
Crown Award	• Granted to centers that met all deadlines on time. **(Item 3 on February 1st, items 4-8 on April 1st, items 9-13 by June 1st, and item 14 by June 7th).**

Congratulations to our 40 Superstar Award Winners!

1. Adventist Health Glendale
2. AHMC Parkview Community Medical Center
3. Anderson Lucchetti Women's and Children's Center

CCS Requirement Update & 2024 Database Changes

2023 CCS REQUIREMENT

Starting in 2022, CCS-approved NICUs are required to submit data on Lower Acuity Inborn NICU Admissions (LAINA) for CCS.

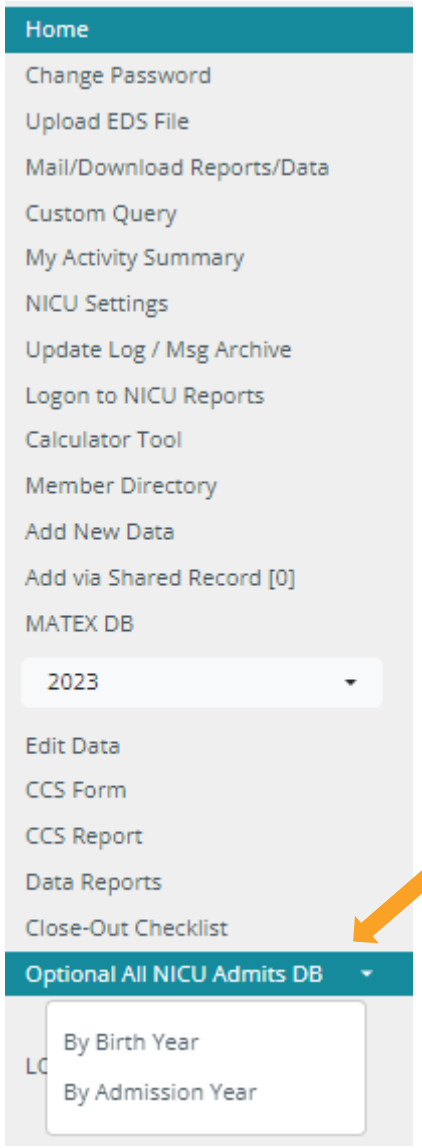
Starting in 2023, CCS-approved NICUs must submit data on all NICU admissions.

- **Lower and higher acuity**
- **Inborn and outborn**

*Non-CCS hospitals and free-standing Children's Hospitals are not required to submit this data.

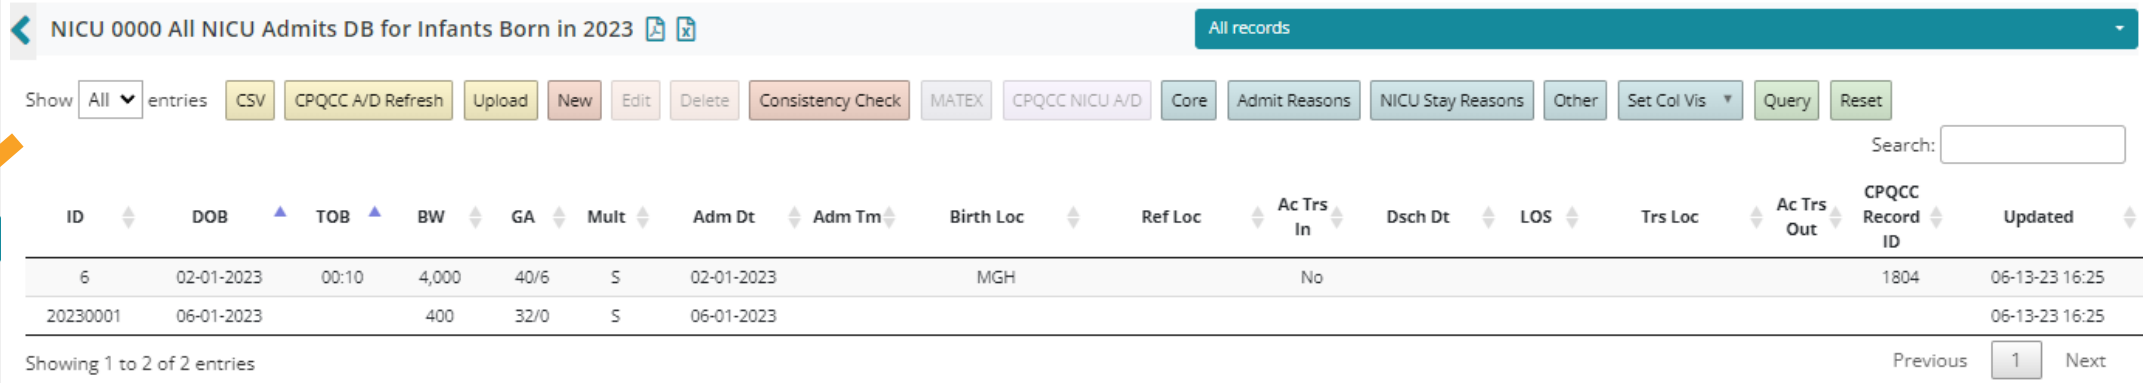
ALL NICU ADMITS DATABASE

How to Access



All NICU Admits Database (ANAD)

- You already have access
- Log into www.cpqccdata.org
- Data can be entered/viewed by birth year or admission year
- Data can be uploaded via CSV file or entered online
- Data can pre-populate the CCS Supplemental Form (please see the CCS Tip Sheet)
- Data can pre-populate the CPQCC A/D/CPeTS form
- Data can pre-populate the MatEx form



NICU Data Center Tools

Pop-Up Q&A Sessions 1 & 2 (Data Finalization) – January and March 2023

- Live demonstrations of the Data Finalization Closeout Checklist
  - Padlet for session 1 – Items 1-8 on the closeout checklist
  - Padlet for session 2 – Items 9-12
- Each session covers
  - How to access the close-out checklist
  - The deliverable deadlines
  - How to access and complete each deliverable that is due
  - How to earn a data management award

CPQCC NICU Pop-up Q&A Session 1 (Close-Out Checklist)

Data Finalization Tools & Resources for the February 1st and April 1st Deadlines

Agenda - January 20th

Live demo of the Close-Out Checklist

12:00-12:30pm: We will review the following items in the 2022 close-out checklist:
12:30-1:00pm: Q&A

View the recording here!

Item 1 - 2023 Membership Fees
Item 2 - Data Finalization Guidelines
Item 3 - Contact Report
Item 4- Still-In-Hospital infants (2021)
Item 5 - ID Confirmation
Item 6 - Pending items for records
Item 7 - CCS Form
Item 8 - VON Membership Survey

2024 VON Changes

Definition Changes

Item 17a. Maternal Antenatal Conditions:

- Chorioamnionitis: Add note: The diagnosis of chorioamnionitis can be made clinically, from amnionic fluid testing, or histopathologic analysis of the placenta or umbilical cord.

Item 22h. Delivery Room Resuscitation

- Name change of "Laryngeal Mask Airway" to "Supraglottic Airway Device
- Answer **"Yes"** if the infant received any intermittent positive pressure breaths via a supraglottic airway device in the delivery room or during the initial resuscitation performed immediately after birth. Intermittent positive pressure breaths may be administered using an anesthesia bag, self-inflating bag, or other device that generates intermittent positive pressure.

2024 VON DB Changes

Definition Changes:

Item 29. Respiratory Distress Syndrome (RDS)

- Central cyanosis in room air, or a requirement for continuous positive airway pressure (CPAP), positive end expiratory pressure (PEEP) and/or supplemental oxygen to maintain a pulse oximeter saturation over ~~85%~~ 88% within the first 24 hours of life.

Item 31. Meconium Aspiration Syndrome

- Absence of culture proven early onset bacterial sepsis ~~or pneumonia~~. The diagnosis of culture proven early onset bacterial sepsis ~~or pneumonia~~ requires a positive blood culture obtained within 72 hours of birth.

4. Collaborative start (6/24), 3 face to face learning sessions
5. Culture survey (7/24 and 8/24)
6. Collaborative active phase end (6/25)
7. Sustainability period (12/25)

REGISTER NOW!!

What we ask

1. Let us know if you are interested and sign up early!!
2. Form a multidisciplinary team for the QIC (ideally including a parent)
3. Complete pre-collaborative exercises and evaluations to allow us to optimize intervention design.
4. Participate in QIC, commit to collecting data, and team to complete didactic learnings along the way
5. Participate in Learning Sessions, report outs, and engage with your peers
6. Complete culture survey with high response rate (>60%; with leadership and ingenuity, this is *not* hard)
7. Identify a few key stakeholders in your NICU for us to interview
8. Open your NICU to us for a low-key site visit (no expenses to you) for one-on-one insight & custom-tailored approaches to addressing change
9. Access your CPQCC report data and ask us about them
